

What We Seek

The Food Project is seeking an Assistant Grower for our Boston farm, based in Boston's Dudley neighborhood, for the 2026 season. The Assistant Grower partners with youth and neighbors to work on two acres of urban farm land and a 10,000-square foot greenhouse that yields over 25,000 pounds of produce annually. The Assistant Grower also supports the distribution of that food through our neighborhood farmer's markets, restaurants, community partners, and hunger relief organizations. The farm staff, including the Assistant Grower support the implementation of our build-a-garden program as needed, helping to install raised bed gardens. This position is a mix of production and sales/distribution work with a heavy emphasis on leading and organizing work for youth and volunteers.
