

What We Seek

The Food Project is seeking a full-time Assistant Grower to work on our Lynn farm for the 2026 season. The Assistant Grower will partner with the Lynn Farm Manager, youth, and community members in all aspects of production at our Lynn sites, which includes a 1-acre urban farm at the Ingalls school, a 1,200 square foot greenhouse, and supporting community garden plots. At the Ingalls school we practice no-till market gardening, which includes farming mostly by hand and with human power. The farm is intensively managed to produce 20,000 pounds of produce each year, and the Assistant Grower will support distribution through our SNAP-accessible farmers' market, mobile markets, wholesale accounts, and donations to hunger relief organizations. This position is a mix of production, distribution, community and youth engagement.
